

Coiling Pins with Insert - The Flexible Alternative

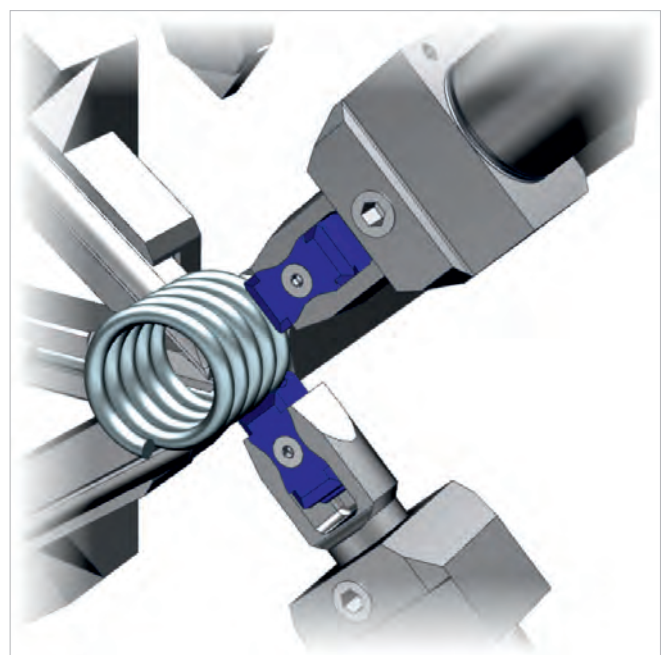

Tool Changing System

The tool changing system for coiling inserts enables rapid tool changes without the coiling tools losing their position.

As the coiling inserts are available with 5 holders and in 3 sizes, they can be used for 24 different types of machines for a wire diameter range from 1.5 – 7.0 mm.

Machine Types:

- FUL 6, 8, 35, 36, 41, 42, 45, 46, 56, 62, 63, 75, 76, 86
- FSE 33, 43, 63, 83
- F 3, 4, 6

Our Accomplishments for your Benefit

- Small spring indices can be produced
- Change of tools without loss of position
- Both ends of the insert can be used
- Time saving due to simplified change of tools
- Cost saving due to lower priced tool
